

CASE STUDY

Kinect
ENERGY GROUP

XISOT

An empowered electric solution.

INDUSTRY Electricity generation

LOCATION U.S.

OUR CHALLENGE

Optimize generator assets to increase overall profitability and improve transparency and visibility of current market conditions to enhance decision-making.

“Since we started working with Kinect Energy Group and XISOT, our profitability has increased by 61%. They provided an actionable roadmap to capitalize on real-time market signals and an expanded revenue stream through the execution of short term electricity contracts and the strategic sale of Renewable Energy Credits.”
